

Who Would They Call?

As a business/property owner, who would the police or fire department call in the event of an emergency at your business/property? As an owner, if there was a fire, break-in or any other emergency that requires immediate action during off hours, who would the police or fire department contact? Who would you trust to make decisions for your business or property if you were not available to make them? These two questions when answered to the proper authorities, can offer peace of mind and enable the police and fire department to protect your property to the best of their ability. In the event of an emergency after normal business hours we will contact the below listed people.

Please fill out this form and either fax it to the Dunn County 911 Communications Center at 715-232-0433, mail it to 615 Stokke Parkway, Menomonie WI 54751, or email to laanderson@co.dunn.wi.us

Please consider carefully the contacts you name to make decisions on your behalf as they may be asked to do just that. It is your responsibility to update our department with any future contact list changes.
